# AFFORDABLE PERFORMANCE

**SPECIAL OFFERS**

APRIL - JUNE 2024

**VSM11-17™**

**Buy 10 inserts per pocket, get the cutter FREE**

A 2-edged, 90° shoulder mill available in 11 mm and 17 mm delivering low horsepower consumption, versatility and soft cutting action in light, precise machining to medium roughing. Best for profiling, slotting, ramping up to 10 degrees, helical and circular interpolation and other milling applications.

**VXF™ 07-09-12**

**Buy 10 inserts per pocket, get the cutter FREE**

The VXF series combines the best features of round and square inserts to boost metal removal rates, achieve the next level of high-feed milling, and make it the first choice for deep cavities.

**TOP CUT 4™**

**Buy 10 inserts per pocket, get the cutter FREE**

Top Cut 4 indexable drills are equipped with centering capabilities and inboard and outboard inserts delivering outstanding flexibility and versatility in multiple materials. They encompass dual four-edged front inserts that support performing in a variety of applications including through and cross-hole, inclined entry and exit, 45-degree corner, half cylindrical, concave, blind and chain drilling on multiple materials.

**SPECIAL OFFERS**

APRIL - JUNE 2024

## TOP DRILL™ Modular X

**Buy X tips, get the same L/D drill body FoC**

*Example: Buy 3 tips, get 3 L/D drill body FREE*

A stable modular drilling platform accompanied by three insert geometry types to machine a variety of applications. TDMX is engineered with a secure pocket seat design to ensure maximum stability in challenging drilling applications like cross-hole, inclined entry/exit and interrupted cuts.

## VariDrill™

**Buy 3 drills, get the 4th FREE**

A reliable solid carbide drill for multi-material drilling operations. VariDrill offers dependable tool life in all materials due to less chipping on the cutting edge. This drill geometry enables chips to roll smoothly and evacuate easily resulting in noticeably less friction, heat, jamming and scratching.

## WMT

**Buy 10 inserts, get the tool holder FREE**

The platform for economical and reliable grooving, cut-off, turning and profiling applications—WMT features an extra-long clamping area and precise insert positioning that ensures exceptionally fast and accurate machining. It's an all-in-one tool for demanding operations.

\*Each offer is valid only for the month period listed. Official promotion ends June 30, 2024.
